## Nominations open for President's Special Members' Award

Some of our elder members have been in London for over half a century and many of our other members are pillars of strength for their local communities and families and others have become the unsung heroes of their professions.

Who do you think deserves to be recognised and thanked that is being a role model mother, someone that has helped charities or endured significant hardship but kept their smile.

Your nomination could be for any member, a hard working dad, grandmother, a doctor or a teacher that our members appreciate, acknowledge and admire as a good citizen. We want to hear about those too humble to speak but are the ones we respect. Nominations can be for any LPSoL member excluding those serving on, or directly connected, to any current trustee or committee member.

Please send who and why nomination by Email directly to:  
[president@londonsamaj.com](mailto:president@londonsamaj.com)

*Dear Members,*

## HIGHLIGHTS

On Sunday 23 June 2019 we held our flagship event of the year - Hot Topics 2 - with the theme being Health, Wealth & Family Life.

Over 100 attended the event with speakers presenting on the risks of diabetes, stress and exercise, inheritance tax, general savings and a range of topics on family life. Attendees also took the time to map out where they currently are across all aspects of their life and importantly where they wish to get to in the short and longer term.

We were delighted to have Grant Thornton partner with us (contact details below) to present sessions on how to mitigate inheritance tax liabilities and the importance of saving for the future which many found useful.

Attendees debated family life topics which included social media, the importance of maintaining culture and the Gujarati language for the next generation and modern day relationships. It was fantastic to see such passion across the attendees and people sharing their experiences.

We ended the day with drinks and food and importantly made new connections.

Feedback was hugely positive and we are now taking this and considering how to shape the next event. We are also giving thought to running another session focusing on a specific area. Slides from the day are also Available at [www.londonsamaj.com](http://www.londonsamaj.com)
